

## Pupil Premium

Pupil Premium funding is sent to schools based on the numbers of pupils in the school who are eligible for Free School Meals (FSM). In 2012-13, it was expanded to include all children who have been eligible for FSM within the last 6 years.

This money is allocated to initiatives to ensure pupils reach their full potential, both academically and socially.

For 2016 - 2017 the school received £42,440 in Pupil Premium funding.

This money is being used to help provide for the following initiatives:-

Use	Success Criteria	Money allocated	Impact on children
Once again we are using money to enable us to employ Key Workers in our Reception classes and to pay for the provision of appropriate interventions throughout the school	Children of all ability levels will have access to high quality learning in small groups.	£25,000	Children make excellent progress in Reception from low starting points. A significant number reach the required level of development at the end of the year. This gives our children a secure foundation on which to build going into Key Stage 1.
Funding / subsidising places on school trips	To enhance the curriculum, ensure the children are able to participate and to give children the opportunity to experience new and challenging activities.	£1,293	This will allow the children to experience outdoor activities that they might not have the opportunity to take part in elsewhere.
To train and employ a part time member of staff to run Nurture Group for those children who need support with social skills	Nurture group up and running with two sessions per week.	£10,000	Children with low self-esteem gain in confidence. Those children with poor social skills will also gain in confidence as their skills improve.
To enable quality staff training by engaging speakers from external agencies and sending support staff on specific training courses	Training on areas such as feedback and meta cognition are of high quality and effective.	£3,000	The implementation of proven strategies will have a positive impact on children's attainment and raise the achievement of our disadvantaged children.

<p>In-house staff training for TAs on areas such as language and communication skills</p>	<p>TAs able to deliver high quality language support</p>	<p>Supply costs for Deputy Head to allow her to deliver training. £1,000</p>	<p>Children with poor language and communication skills will be able to access additional support from skilled members of staff</p>
<p>Providing free milk at morning break for those children over 5 yrs old</p>	<p>All children entitled to pupil premium have access to milk at morning playtime.</p>	<p>£469</p>	<p>Milk is one of the best sources of calcium for the body. Milk is filled with Vitamin D that helps the body absorb calcium. Proper calcium intake contributes to strong and healthy bones. Drinking milk provides other benefits such as healthy teeth, rehydration and improves vitamin intake.</p>
