**"Where Children Come First."**

29<sup>th</sup> January 2018

Dear Parents/Carers

**Reception and KS1 Maths Workshops**

We would like to invite you to attend an evening workshop to help you understand how we teach maths and how to support your child with their maths skill development at home. This will take place in the school hall **on Wednesday 21<sup>st</sup> February from 5.30 pm until 7.00 pm.**

The aim of the workshops is to share the strategies we use to teach addition and subtraction, so that you can further support your child with improving these skills at home. The event will start with a brief overview of the maths curriculum and the different teaching strategies we use. There will then be three short workshops to attend:

**Workshop 1: Number and Place Value**

**Workshop 2: Addition**

**Workshop 3: Subtraction**

The workshops will be run by class teachers and will feature a simple explanation of how each area of maths is taught with tips and ideas for continuing this learning at home. You can really make a difference to your child's learning and help them to make good progress by supporting them at home.

Tea and coffee will be available from 5.15 pm in the school hall.

**Please confirm your attendance by completing the form at the bottom of the page and returning it to the School office by Wednesday 7<sup>th</sup> February.**

Thank you for your continued support, we look forward to seeing you.

Yours sincerely

*Honoria Thompson*
