### School Council Recycling Project

Dear Parents/Carers

This term at school we are taking part in the Big Battery Hunt. This is to help provide you with somewhere to recycle your used household batteries. Your child has brought home a collection box and we would like you to use it to collect any AAA, AA, C or D batteries that you have finished with. Please help your child to tally on the side of the box how many batteries you have collected and we will add their number to the class total. All our batteries must be in by Monday 20<sup>th</sup> May 2019 and we will enter our school total in the hope of winning some prizes!

Please note that if the batteries are leaking you can still add them to the box but please put them into a plastic bag first. There are safety instructions for you to read on the base of your child's collection box.

Many thanks for supporting us with our recycling project.
