"Where Children Come First."

Wednesday 2nd October 2024

Dear Parent/Carer,

Reception and KS1 Maths Workshops

We would like to invite you to attend an evening workshop to help you understand how we teach maths and how to support your child with their maths skill development at home. This will take place in the school hall **on Wednesday 16th October from 5:00 pm until 6.15 pm.**

The aim of the workshops is to share the strategies we use to teach number sense and fluency, so that you can further support your child with improving these skills at home. The event will start with a brief overview of the maths curriculum and the different teaching strategies we use. There will then be one short workshop for you to attend. If you have children in more than one year group, please choose one workshop and there will be opportunities to talk to the teachers of the other year groups.

- Workshop 1 Reception: Subitising**
- Workshop 2 Year 1: Adding and Subtraction**
- Workshop 3 Year 2: Multiplication**

The workshops will be run by class teachers and will feature a simple explanation of how each area of maths is taught with tips and ideas for continuing this learning at home. You can really make a difference to your child's learning and help them to make good progress by supporting them at home. After the workshops have finished, teachers will be available to answer any questions you may have about how maths is taught in other year groups.

Please confirm your attendance by completing the form at the bottom of the page and returning it to the School office by Friday 11th October.

Thank you for your continued support, we look forward to seeing you.

Yours sincerely

Honoria Thompson
